

Transboundary screening undertaken by the Planning Inspectorate (the Inspectorate) on behalf of the Secretary of State (SoS) for the purposes of regulation 32 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (the 2017 EIA Regulations)

Project name:	East Park Energy
Address/Location:	The proposed development comprises a new ground-mounted solar photovoltaic energy generating station and an associated on-site battery energy storage system (BESS) on land to the north west of St Neots. The proposed development also includes the associated infrastructure for connection to the national grid at the Eaton Socon Substation.
Planning Inspectorate Ref:	EN010141

TRANSBOUNDARY SCREENING

The Inspectorate undertook a transboundary screening of the proposed development in the Scoping Opinion, which was adopted on 8 December 2023. The Inspectorate concluded that the proposed development **is unlikely to have a significant effect either alone or cumulatively on the environment in a European Economic Area State**. The Scoping Opinion is available from:

<https://national-infrastructure-consenting.planninginspectorate.gov.uk/projects/EN010141/documents>

TRANSBOUNDARY RE-SCREENING

Document(s) used for transboundary screening:	Environmental Statement (ES) Chapters 1 to 18 (document reference 6.1) ES Appendices (document reference 6.2) ES Figures (document reference 6.3) ES Non-Technical Summary (document reference 6.4) Information to Inform a Habitats Regulations Assessment (document reference 5.7)
--	--

The Inspectorate has re-considered the likelihood of transboundary effects resulting from the proposed development, taking into account any changes that have been made to the proposed development since the previous transboundary screening process was undertaken.

The Inspectorate considers that the proposed development is **unlikely to have a significant effect either alone or cumulatively on the environment in a European Economic Area**

State. This position will remain under review and will have regard to any new or materially different information coming to light which may alter that decision.

Action: No further action required at this stage.

Date: 15 December 2025

Note: The SoS' duty under regulation 32 of the 2017 EIA Regulations continues throughout the application process.

Note:

The Inspectorate's screening of transboundary issues is based on the relevant considerations specified in the annex to its Advice Page, Nationally Significant Infrastructure Projects: Advice on Transboundary Impacts and Process, available on the Advice page collection at gov.uk: ['Nationally Significant Infrastructure Projects: Advice on Transboundary Impacts and Process'](#).
