

Submission ID: S95EA2390

Planning Inspector

Site visit, I have asked you to visit and view a part of the intended solar scheme at the top of B.O.A.T road Swinsehead Beds

I would also like you to stand outside my house, [REDACTED] and look across the view and imagine the impact of thousands of solar panels, and what this will do to this wonderful part of England

Please, common sense must prevail.

This is a beautiful part of Bedfordshire, and this is the wrong project in the wrong place.

Many thanks J.
