

Submission ID: S7A9B6474

Please hold further Issue Specific Hearings about:  
BESS battery storage, including health and safety issues

Archaeology

Flooding

Heritage Assets

Loss of local amenity

Use of local road network

Replacement of panels and other components

Decommissioning

Funding and finance

Ecology and biodiversity plus the EIA

Please also change the venue for any further hearings of any kind.

The recent location, Kings House, Bedford is used for the Kings Arms. I found this highly offensive and inappropriate. It is also not a convenient location for local Interested Parties to travel to from either Bedfordshire or Cambridgeshire.

Wyboston Lakes would be much more convenient.
