The ASI should include an additional consideration of the proposal's effects upon users of the following very popular footpaths. Starting at ASI point K, follow FP36 300m NE to the junction with FP13 (What3Words: busy.teardrop.gently), follow FP13 400m SE to the junction with FP47 (W3W: cross.plunger.soups), continue on FP13 250m S to the field boundaries (W3W: cubic.volume.footpath). Return by same route.
