Re: Application by BSSL Cambsbed 1 Limited for an order granting development consent for the East Park Energy Project

I write on behalf of **BSSL Cambsbed 1 Limited** (the "Applicant") in connection with this application to update the Examining Authority on the Applicant's engagement with RWE Generation UK plc ("RWE").

By way of background, RWE submitted a relevant representation **[RR-1116]**. The Applicant responded to that representation in the document titled "Applicant Responses to Relevant Representations - Host Authorities, Statutory Environmental Bodies, and Other Interested Parties P01" **[REP1-055]**.

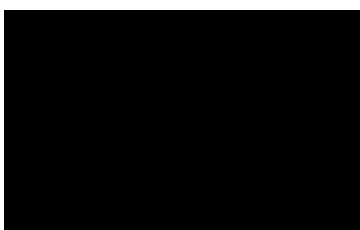

Following submission of **[REP1-055]**, the Applicant sought to engage directly with RWE regarding the matters raised. Regrettably, despite the Applicant's efforts to initiate dialogue at the earliest opportunity, it was not until recently that RWE responded and substantive discussions between the parties have commenced.

Those discussions are constructive and are focused on considering RWE's concerns and identifying whether appropriate arrangements can be agreed between the parties.

The Applicant maintains the position set out in its response to RWE's relevant representation. Without prejudice to that position, the Applicant remains willing to discuss a commercial agreement or other appropriate arrangements to address RWE's requests, where it is reasonable and practicable to do so.

The Applicant remains committed to continued engagement with RWE and will update the Examining Authority as appropriate if any agreed position or relevant outcome arises from those discussions. Should the Examining Authority require any further information in the meantime, the Applicant would be pleased to provide it.

Kind regards

Brockwell Energy
