

Richard Fuller MP

HOUSE OF COMMONS

LONDON SW1A 0AA

11th September 2026

Dear Examining Authority,

Deadline 8 - Application EN010141 - East Park Energy

As the elected representative for the area most impacted by this proposal, I have met with the applicant, engaged with local residents, attended oral hearings, and provided both written and oral evidence throughout the examination process.

My office and I have reviewed the submissions from the applicant, and I hope I can make a fair and informed assessment; my overall sense is that the applicant has not provided sufficient reassurance about the impact of the construction, the operation, and the ultimate decommissioning of this vast industrial energy plant to warrant the scheme being approved.

Yours sincerely,

Member of Parliament for North Bedfordshire
Westminster: [REDACTED] Constituency: [REDACTED]
