Subject: East Park Energy- Correspondence on behalf of National Gas Transmission Plc (Interested Party [REDACTED]) [M&R-CLIENTDMS [REDACTED]]

Dear Planning Inspectorate

Application by BSSL Cambsbed 1 Limited for an Order granting Development Consent for East Park Energy (“Application” and “Applicant”)

Interested Party Reference/ID: [REDACTED] (National Gas Transmission Plc (“National Gas”))

Mills & Reeve act on behalf of National Gas and refer to paragraphs 5.4.11- 5.4.14 of the Applicant’s Closing Statement P01 [REP8-038]. National Gas’s position on the protective provisions is set out in its previous submissions on the Application, including but not limited to its post hearing submissions [REP4-042].

Given that the Examination of the Application is due to close tomorrow, National Gas asked Mills & Reeve to provide the ExA with an update on negotiations on the protective provisions between National Gas and the Applicant.

On behalf of National Gas we can confirm that negotiations between National Gas and the Applicant are ongoing and that progress is being made. While National Gas is not in a position to withdraw its objection to the Application/proposed Order yet, it is hoped that agreement will be reached in the next few days and we will update the ExA again in due course.

Kindly acknowledge receipt.

Kind regards.
