You don't often get email from [REDACTED]@gmail.com. [Learn why this is important](#)

I object to farm land being used for solar farms. Loosing farmland makes UK more reliant on imports. Imported food costs the environment more in shipping and haulage. Common sense needs to be applied to help the environment. Less farm land means less farmers and their skills in providing food for the country will be lost. Solar farms will also have an impact on wild life and their homes.

I SAY NO TO SOLAR PANELS FARMS

Regards
Julienne Long
