Article 21 (Compulsory acquisition of land)	Amendment to cross references to other dDCO articles within Article (3) This article is subject to article 22 (time limit for exercise of authority to acquire land compulsorily), article 23 (compulsory acquisition of rights), article 26 (acquisition of subsoil only) , article 29 (rights under or over streets) , article 30 (temporary use of land for constructing the authorised development) and Schedule 15 (protective provisions) article 44 (statutory undertakers) .	Amendments to align with update to appropriate cross referral in Cottam Solar Project Order 2024. The reasoning for this is that only the articles listed limit the application of the general power in Article 21, whilst the other articles (that have been removed) are all specific use cases of the general power rather than imposing limits on it.	1
Article 21 (Compulsory acquisition of land)	Amendments to article: 21. Amendments from West Burton Solar Project Order 2025, specifically these reflect: <ul style="list-style-type: none"> • Deletion of 1(b), as this sub paragraph is not required given the undertaker would automatically be able to use the land for these purposes once acquired under the Article. • Deletion of (2), as this sub paragraph is not required given the same rights are provided for under Article 24 (private rights) • Addition of article 50 to new sub paragraph (2), per amendment by Secretary of State in West Burton Solar Decision Letter. 	5
Article 22 (Time limit for exercise of authority to acquire land compulsorily)	Amendment to article to align with legislative compulsory acquisition changes 22.—(1) After the end of the period of The applicable period for the purposes of section 4 of the 1965 Act (time limit for giving notice to treat) and section 5A of the 1981 Act (time limit for general vesting declaration) is five years beginning on the day on which this Order comes into force — is made. (2) (a) no No notice to treat is to be served under Part 1 (compulsory purchase under Acquisition of Land Act 1946) of the 1965 Act; and	Updates to article to align with associated changes to compulsory acquisition acts by way of amendments under the Levelling-up and Regeneration Act 2023. These ensure correct references to the appropriate legislation and their updated functions. Other than amendments to update references to the relevant Acts, the predominant change by this amendment is to enable an extension of the time limit where the Order is subject to legal challenge under section 118 of the Planning Act	1
