Subject: Tillbridge Solar

Dear Sir

Planning Act 2008 and The Infrastructure Planning (Examination Procedure) Rules 2010

Application by Tillbridge Solar Limited (“the Applicant”) for an Order granting Development Consent for the proposed Tillbridge Solar Project (“the Proposed Development”)

Further to your letter dated 7th August 2025 requesting further information from various parties it is noted that Lincolnshire County Council (LCC) were not invited to respond to this letter but having reviewed its content there are matters which LCC would wish to submit comments.

Firstly, in relation to paragraph 10 of the letter – additional sub-paragraph for Requirement 8 – Biodiversity Net Gain (BNG), LCC welcomes the inclusion of proposed additional section (2) prescribing specific percentage of BNG to be delivered by this project.

However, LCC is a prescribed consultee for Requirement 8 (1) and LCC requests that it is also included as a consultee for the additional sub-paragraph 8 (2) to Requirement 8.

In respect of the Soil Management Plan (SMP), LCC is defined as the relevant planning authority in the draft DCO for the discharge of this requirement. Any data that is to be made public pursuant to this Requirement should involve the relevant planning authority who would be best placed to make this information publicly available in the locality of this development.

Yours faithfully,

Neil McBride
Head of Planning

Lincolnshire County Council,
County Offices, Newland, Lincoln LN1 1YL
