Dear Secretary of State

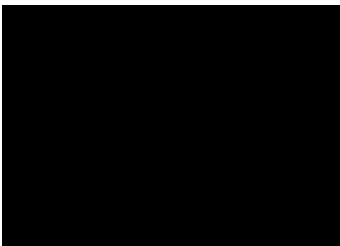

**TILLBRIDGE SOLAR PROJECT – APPLICANT UPDATE ON CROWN CONSENT
NEGOTIATIONS, NETWORK RAIL AND DEPOSIT LOCATIONS**

The Secretary of State has requested an update from the Applicant in respect of Crown Consent by no later than 23:59 on 30 September 2025. The Crown Estate has provided the S.135 Consent Letter to the Secretary of State this evening.

Whilst not requested by the Secretary of State, the Applicant also provides two further updates. The first relates to Network Rail: the Applicant has completed a Framework Agreement with Network Rail and Network Rail has provided confirmation to the Secretary of State today of the withdrawal of its objection.

Secondly, with respect to the Explanatory Note at the end of the draft Development Consent Order, the Applicant confirms that, should an Order be made granting consent for the Tillbridge Solar Project, the appropriate location where the certified documents listed in the Explanatory Note could be inspected is: Lincolnshire County Council, County Offices, Newland, Lincoln, LN1 1YL, and Lincolnshire County Council has confirmed that this would be acceptable.

Yours sincerely,

Project Director, Tillbridge Solar Limited
