Subject: Request for Accompanied Site Inspection

Attention Mr Simon Raywood, Case Manager, National Infrastructure

Dear Mr Raywood

Thank you for your email requiring further information on the video submitted with my previous email.

Here are the answers to the questions to the best of my knowledge :

Project Name: Botley West Solar Farm
Project Ref No: PINS EN010147
Interested Party No: 37787
Deadline: 2
Deadline Date: 23.59 1st July 2025

The video is filmed from our land at [REDACTED] and shows one of the fields around Cassington on which solar panels are proposed and highlights the potential severity of the visual impact as the land rises behind us. Please see my previous email. It also shows the increased potential water run off if the land was covered by panels.

There are no recognisable people or properties in it so I'm hoping data protection would not be an issue and there is no voiceover with it.

I hope you find the above acceptable so that the video can be included.

With thanks and regards
