

I am representing Mr and Mrs Cooke the freehold owners of [REDACTED] They are Affected Parties and wish to appear at the CA hearing in addition to myself ( an Interested Party) on their behalf if their rights are still included in the draft DCO - as they are at the date of making this request.

It remains to be seen whether the applicant sees common sense and removes the remaining subject land from their application and draft DCO - they have indicated they may be prepared to remove part in their second change notification letter but we have asked them to remove the rest of the relevant land subject to the restrictions imposed in 2006 - if they agree and confirm to do so, then the Cookes may not need to appear at the CA hearing in the week commencing 6th Oct. Please acknowledge receipt of this request on their behalf.

many thanks

Harry St John
