PINS Ref: EN010147 Document Ref: EN010147/APP/16.3

1/My view and comment concurs with the Planning Inspectorate that the proposed changes make no difference to the procedure of the proposal.

2/I note once again that this is a further document which leaves a lot to be desired being vague and imprecise, in this case with regard to detail in identified the locations e.g. it is hard to identify what is meant by "Reduction in Order Limits boundary to reduce the solar installation area south west of Bladon and removal of solar arrays on land east of Bladon and on land north of Heath Lane".

3/This latest document, whilst indicating the welcome withdrawal of some solar panels, merely adds to the opinion that the whole project can only be rejected. The weight of evidence against the proposal together with the inability of the proposers to either respond or respond adequately to questions and/or in a timely manner means that important issues are still unanswered or new questions are created. This further adds to the negative reports and lack of integrity. Natural justice therefore demands that the whole case for this proposal has failed.
