This application is an absolute abomination of the Green Belt and much needed open countryside and nearby residents.

If this ever goes ahead those who make the decision to allow this should hold their heads in shame. They clearly have no moral compass because it doesn't directly affect them.

It's an utter disgrace and shows just how low this government will go.

The application has clearly 'played the planning game' by going all out for a grossly oversized proposal knowing that any reduction will be seen more favourably and in doing so the applicant achieves their original realistic target.

Apparently backed by Russian money this should be all that needs to be considered!!!!!!!!!!

Kind Regards

Paul
