

To:

All Interested Parties

Ref: EN010147

28 April 2026

Dear Sir or Madam,

Clarification on the status of the letter published on 14 April 2026 (re-published on 20 April 2026)

The Secretary of State wishes to clarify that the letter issued on 14 April 2026 (re-published on 20 April 2026) constitutes a request for information only. It does not replace an all interested parties consultation, where required, following the deadline for responses on Tuesday 9 June 2026.

Typographical corrections to the letter published on 14 April 2026 (re-published 20 April 2026)

On 20 April 2026, the Secretary of State re-issued the request for further information letter, originally published on 14 April 2026. This was to correct a reference in paragraph 66 by replacing reference REP6-062 with reference REP6-052.

Three further corrections have now been made to the letter:

1. Paragraph 12 - to replace reference CR2-002 (rev 9) with reference REP7-002 (rev 11).
2. Paragraph 36 - to replace reference REP6-117 with reference REP7-046.
3. Paragraph 48 - to replace reference REP7-107 with reference REP1-107.

These corrections are highlighted in yellow in the updated version of the letter that has now been re-published, dated 28 April 2026. The deadline for response remains the same - **23:59 9 June 2026**.

Yours faithfully,

John Wheadon
