You don't often get email from [REDACTED]

I am writing in response to Photovolt's current shambles and the concern that you would grant permission for the scheme to take place in the first place but to even if this is your decision it seems madness to allow Photovolt to run it.

In particular I am writing that if the decision is made to grant this planning then with reference to [REDACTED] where I grew up and where my aged mother still lives, then it is essential to preserve at least a 250m buffer zone to preserve the outlook and heritage of this grade 2 listed building.

[REDACTED] did visit the site about 2 years ago. His only comment was what a lovely spot this was!

Thanks

James
