Subject: Please refuse new submissions from developer

Categories: SoS Consultation 2 Response

Dear Secretary of State,

I understand that the developer (PVDP) wishes to submit a significantly revised Solar Farm proposal, even though the agreed deadlines have long passed. This is unacceptable and unfair to the large number of Interested Parties who have kept to an agreed timetable.

The proposed Botley West scheme remains undesirable. I respectfully request that you do not accept further submissions of new material from the PVDP and that you refuse permission for the Botley West Solar farm.

Yours faithfully,
Prof. Martin Oldfield

Ps Apologies. I sent this without my RIN. Here it is:
