Subject: Botley West Solar Farm: further submissions from PVDP

Dear Simon,

My reference: [REDACTED]

I am writing to request that Secretary of State does not, given the refusal to accept any further submissions from PVDP, or any of their representatives, after 9 June 2026, allow any subsequent submissions or emendations from PVDP after this date. The Project is classified as NSIP, and therefore registered members of the public must be able to comment, and be given sufficient time to comment, on all submissions relating to the application.

The deadline for submissions from PVDP was 9 June 2026, and the final date for comment from all interested bodies, and the public, involved in the decision is tomorrow, 16 July 2026.

Any submissions submitted by PVDP after 9 June will therefore not be valid since they would not have been available for the full statutory time allowed for comment by interested bodies and the public, which ends on 16 July.

I respectfully request that the Secretary of State does not accept further submissions from PVDP or any of their representatives.

Yours sincerely

Penelope Marcus
