Dear Secretary of State

Botley West Solar Farm: EN010147

I am dismayed that the Applicant's late submissions have been accepted causing further delay in the decision for Botley West and requesting yet another response from Interested Parties.

I am a supporter of the Stop Botley West campaign and fully endorse the comprehensive SBW submission of 16 July [\[C2-161\]](#). I am concerned that despite these new proposals the Application is still irretrievably flawed. Too many questions remain unanswered and the Applicant seeks to defer too many important decisions until after any development consent is granted when they will be beyond public scrutiny and challenge.

It is totally unfair that so many people in this area cannot make long term plans about the future of their small businesses, farm produce and livestock while this threat hangs over them

I respectfully request the Secretary of State to refuse outright the grant of a DCO for this Application.
