Subject: support for Botley West Solar Farm: EN010147

You don't often get email from [REDACTED]

Dear Secretary of State,

I am writing to confirm my full support for the application to build a solar farm in Botley West.

The country desperately needs more energy and especially solar energy. This solar project will offer huge amounts of energy and will allow the land to be regenerated as no pesticides will be used on the land for the duration of the project. By resting the land the rivers will also become cleaner without any run off from the land. Everyone stands to gain from this project.

I sincerely hope that you issue your approval as soon as possible for the benefit of everyone in the country and especially those whom live in Oxfordshire.

Yours faithfully,

Barbara Tutty
