Dear Secretary of State

Botley West Solar Farm: EN010147

I am disappointed that the Applicant's late submissions have been accepted causing further delay in the decision for Botley West and requesting yet another response from Interested Parties.

I am a supporter of the Stop Botley West campaign and fully endorse the comprehensive SBW submission of 16 July [[C2-161](#)]. I am concerned that despite these new proposals the Application is still irretrievably flawed. Too many questions remain unanswered and the Applicant seeks to defer too many important decisions until after any development consent is granted when they will be beyond public scrutiny and challenge.

In particular we object to the proposal for a **community food growing are in Bladon** which is not required or needed by the community . . These areas should be removed from the red-line boundary. See REP5-072, REP5-093 and REP6-076

1. I respectfully request the Secretary of State to refuse outright the grant of a DCO for this Application.
