Dear Secretary of State

We are very disappointed that the Applicant's late submissions have been accepted causing further delay in the decision for Botley West and requesting yet another response from interested parties.

We are supporters of the Stop Botley West campaign and fully endorse the comprehensive SBW submission of 16 July. We are concerned that despite the new proposals the application is still irretrievably flawed. Too many questions remain unanswered and the Applicant seeks to defer too many important decisions until after any development consent is granted when they will be beyond public scrutiny and challenge.

We respectfully request the Secretary of State to refuse outright the grant of a DCO for this application.

Mr and Mrs P L Osborne
