Dear Secretary of State

Botley West Solar Farm: EN010147

I am dismayed that the Applicant's submissions have been accepted, despite being late, thus delaying, yet again, the decision for Botley West and requesting another response from Interested Parties.

I strongly support the Stop Botley West campaign. I totally concur with and endorse the SBW submission of 16 July [C2-161]. I consider that, notwithstanding these new proposals, the Application remains irretrievably flawed. It totally fails to answer many crucial questions. The Applicant proposes to defer key decisions until after any development consent is granted thus avoiding public scrutiny and challenge.

The Secretary of State is hereby respectfully requested to refuse outright the grant of a DCO for this Application.

Yours sincerely

Dr Hugh A Penfold, Headington, Oxford
