Dear Secretary of State

Botley West Solar Farm: EN010147

I am amazed to discover that the Applicant's late submissions have been accepted causing further delay in the decision for Botley West and requesting yet another response from Interested Parties.

I am a supporter of the Stop Botley West campaign and fully endorse the comprehensive SBW submission of 16 July [\[C2-161\]](#). I am concerned that despite these new proposals the Application is flawed in very many respects. No attempt has been made to provide adequate answers to a great number of questions and it seems evident that the Applicant is doing everything possible to defer too many important decisions until after any development consent is granted, at which time they will be beyond public scrutiny and challenge.

I therefore strongly request you to refuse outright the grant of a DCO for this Application.

With best wishes
Dr Chris Davies
