Dear Secretary of State

Botley West Solar Farm: EN010147

I am disappointed that the Applicant's late submissions have been accepted causing further delay in the decision for Botley West and requesting yet another response from Interested Parties.

I am a supporter of the Stop Botley West campaign and fully endorse the comprehensive SBW submission of 16 July[C2-161]. I am concerned that despite these new proposals the Application is still irretrievably flawed. Too many questions remain unanswered and the Applicant seeks to defer too many important decisions until after any development consent is granted when they will be beyond public scrutiny and challenge.

This is ridiculous how many times I have had to comment on this, they have not addressed any of my concerns. They are just hoping people drop out of commenting after each round.

I respectfully request the Secretary of State to refuse outright the grant of a DCO for this Application.

Kind regards,

Geoff Edwards
