Subject: botley west solar farm

You don't often get email from [REDACTED]

Dear Sir

I'm writing to express my opinion about the above application for a solar farm

I don't think anybody is unaware of the devastating effect the use of fossil fuels has had on the climate and therefore the urgent need for alternative sources of energy. So I think it's imperative that we should commence the use of clean energy as soon as possible

In fact it has become most important that we do not delay any further

So please allow this project to go forward

Yours faithfully

C s Gardner
