You don't often get email from natssafeguarding@nats.co.uk. [Learn why this is important](#)

Dear Sirs, we write in relation to the correspondence received by surface mail, dated 11th November 2025 notifying us of the Acceptance of the DCO application.

NATS operates no infrastructure within 10km of the site in question. Accordingly, it anticipates no impact from the proposal and has no comments to make on the Application. Please update the contact details you have for NATS as per the information below, and note our preference to receive consultation/requests electronically.

NATS LTD

Subject: [EXTERNAL] Tween Bridge Solar Farm update

Mimecast Attachment Protection has deemed this file to be safe, but always exercise caution when opening files.

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

We're pleased to let you know that the Development Consent Order (DCO) application for the Tween Bridge Solar Farm has been formally accepted for examination by the Planning Inspectorate (PINS).

As part of our commitment to keeping stakeholders informed, please find attached a short newsletter highlighting the key changes made between the initial and final versions of the application:

What's changed?

- Removal of selected land parcels to reduce impacts on residents and farmland
- Refinements to the cable route in the southeast
- Grid connection streamlined to existing National Grid 400 kV substation

Core solar and battery infrastructure and key environmental commitments remain largely unchanged. These updates reflect feedback from consultation and continued technical assessments.

What's next?

The Relevant Representation period is expected to open in November. This will be the first formal opportunity for individuals and organisations to register as Interested Parties and provide a written summary of their views on the application.

We'll be in touch with details on:

- When the registration window opens
- How to register with PINS
- Key dates for the examination process

If you have any questions in the meantime, please don't hesitate to get in touch.

Kind regards,
Tween Bridge Solar Farm
