4. Any other matters

Any other matter which the ExA wishes to raise.

5. Close

Purpose of ISH2

This Issue Specific Hearing is being held to address matters and questions identified by the ExA, including through its reading of application documents and representations from Interested Parties.

The ExA considers that these issues would benefit from consideration of oral representations in order to ensure their adequate examination.

The agenda provided above is indicative and may be subject to change on the day.

Attendees

The ExA would find it helpful if the following parties could attend this Hearing.

- City of Doncaster Council.
- North Lincolnshire Council.

However, this does not indicate that other parties will not be able to contribute. All Interested Parties (IP) are invited to attend and make oral representations on the matters set out in the agenda.

The ExA has sought to provide sufficient detail to assist the parties to prepare for the Hearing. The details set out above are indicative and the ExA may find it necessary to include additional agenda items or to amend the order in which the items are dealt with.

Anyone wishing to attend the Hearing in person, who has not already advised the Case Team of this, should do so as soon as possible.

The event will be livestreamed and a link for watching the livestream will be posted on the [project webpage](#) of the National Infrastructure Planning website closer to the Hearing date. IPs and members of the public who wish to observe the Hearing can therefore view and listen to the Hearing using the livestream, or view and listen to the recording, after it has concluded.

Registration Process

Parties who have registered to speak (both in person and virtually) will receive a Joining Instruction email shortly before the Hearing which will include a link to the virtual event on Microsoft Teams, and a telephone number should they need to participate by telephone. To enable the Hearing to start on time at **1000hrs** those attending virtually should join promptly at **0945hrs** to ensure that all virtual attendees can complete the Registration Process in good time.

Procedure at ISH

Guidance under the Planning Act 2008 and the Infrastructure Planning (Examination Procedure) Rules 2010 provides that it is for the ExA to probe, test and assess the evidence through direct questions of persons making oral representations at

Hearings. Questioning at the Hearing will be led by the ExA. Cross questioning of a person giving evidence by another person will only be permitted if the ExA decides it is necessary to ensure representations are adequately tested or that an IP has had a fair chance to put its case.
