Planning Act 2008: Application for Development Consent Order for Tween Bridge Solar Farm

Examination Deadline 6 Submission (22 September 2026): Cover Letter

Dear Ms Norris

On 24 April 2026, the Examining Authority ("ExA") issued a letter under Section 89 of the Planning Act 2008 and rules 8 and 9 of the Infrastructure Planning (Examination Procedure) Rules 2010 ("the Rule 8 letter") which confirmed the Examination Timetable and procedure relating to the Tween Bridge Solar Farm Development Consent Order (DCO) application. The Rule 8 letter set out the submissions required by the ExA to be provided for each Deadline of the Examination.

This letter encloses the Applicant's summary of the submission made at Deadline 6.

I would be grateful if you would please acknowledge safe receipt of this letter and the enclosed documents.

Deadline 6 Submission Documents

Documents submitted to the ExA at Deadline 6 have been divided into subsections: Updated Submission Documents, Additional Submission Documents and Statements of Common Ground. Where a document updates a previously submitted document it is confirmed that a 'clean' and 'tracked' version have been submitted.

The only exceptions to this are the following documents as the amendments cannot be deciphered with tracked changes:

1. Environmental Statement Figure 12.1 Indicative Access Strategy [Document Reference 6.4.12.1 Revision 2]
2. Environmental Statement Figure 17.1 Cumulative Sites Plan [Document Reference 6.4.17.1 Revision 2]

The Schedule of Changes to the Draft DCO [Document Reference 8.7 Revision 7] is not submitted with tracked changes because the document itself clearly explains the changes that have been made and a copy of the Draft DCO [Document Reference 3.1 Revision 9] is submitted as 'clean' and 'tracked'.
