Dear Sir/Madam,

The Infrastructure Planning (Examination Procedure) Rules 2010 – Rule 9

Application by RWE Renewables UK Solar and Storage Limited for an order granting development consent for the Tween Bridge Solar Farm Project: Representations from persons not registered as Interested Parties (non-IPs)

I am writing to you under rule 9 of the Infrastructure Planning (Examination Procedure) Rules 2010.

Given that I have used my discretion to accept and consider non-IP representations at different stages of this examination, I am accepting the following non-IP representations which were received at deadline 6:

- Elizabeth Thompson.
- Cllr Knight.
- Annette Exley.
- Karen Howell.

These representations can be found on the [project website](#). Please click on the dropdown labelled 'show' to reveal all these representations.

Please be aware that I will not accept any further representations at any other deadline from persons or organisations who are not already registered as interested parties. To allow such further representations would create procedural unfairness at a very late stage in the examination, with insufficient scope in the examination timetable to provide for opportunities for the applicant and interested parties to respond.

If you have any queries then please do not hesitate to contact the case team using the contact details at the top of this letter.

Yours sincerely,

Luke Simpson
