**Subject: Application for an Order Granting Development
Consent for the Tween Bridge Solar Farm**

Applicant: RWE Renewables UK Solar and Storage Limited

DEADLINE 9 SUBMISSION

8 October 2026

Introduction

- 1.1 This document comprises the Deadline 9 submissions of North Lincolnshire Council (NLC/the Council) further to the Examination Timetable, which is intended as a very brief update on matters outstanding further to Deadline 8.
- 1.2 The Council has sought to continue to work proactively with the Applicant to resolve these outstanding matters and will continue to do so where necessary and allowed for by the Regulations.

2.0 Updates Since Deadline 8 Submissions

- 2.1 Since the submission of NLCs Deadline 8 closing statement on 8th October 2026 productive discussions have continued in respect of the Protective Provisions (PPs) for local highway authorities. The only outstanding matter highlighted at Deadline 8 was the absence of any reference to the North and North East Lincolnshire Permit Scheme. This matter has now been resolved in discussions with the Applicant who it is understood have submitted the agreed wording in advance of Deadline 9.
- 2.2 In respect of the issues relating to plot 10/12 (as addressed at paragraph 4.58 of the applicant's written summary of oral submissions at the compulsory acquisition hearing [**REP4-061**]) NLC is continuing to work with the Applicant's legal representatives with a view to agreeing the Heads of Terms. The Local Highway Authority has confirmed that there are no anticipated issues in connection with this piece of land, and it is expected that agreement will be reached shortly.
