Applicant's notification duties

The applicant is reminded of its duty to notify and publicise hearings under rule 13(6) and 13(7) of The Infrastructure Planning (Examination Procedure) Rules 2010.

Purpose of hearings

Please refer to The Planning Inspectorate's Advice for members of the public: [The stages of the NSIP process and how you can have your say](#) for information about the purpose of open floor, issue specific and compulsory acquisition hearings.

Registration and requests to participate in the Hearings

Please register using the [event participation form by 8 July 2025](#) if you intend to participate in the hearings and provide all the information requested. If you have any difficulty completing the form please contact the case team.

Please note that by attending the event either in person or online you are agreeing to be filmed for the purposes of the online live stream of the event and the recording of the event which will get published on the [project webpage](#). A limited number of seats will be available for observers who wish not to be filmed at the event. Please contact the case team to notify them if you prefer not to be filmed at the event. A transcript of the event will also be published on the [project webpage](#) after the event.

Any request to participate in a Hearing should include the following information:

- Name and unique reference number (found at the top of any letter or email from The Planning Inspectorate);
- email address (if available) and contact telephone number;
- name and unique reference number of any person/organisation that you are representing (if applicable);
- for blended events, confirmation of whether you will participate virtually or in-person;

If you simply wish to observe any of the hearings then you can either:

1. Watch a livestream of the event - a link to the livestream will be made available on the project webpage shortly before the event is scheduled to begin; and/or

Hearing agendas

The agendas and any detailed arrangements for the hearings will be published on the [project webpage](#) at least five working days before the hearings. However, the actual agenda on the day of each hearing may be subject to change at our discretion. There may not be an agenda for an open floor hearing.

Procedure at hearings and post hearing submissions

The procedure to be followed at hearings is set out in The Infrastructure Planning (Examination Procedure) Rules 2010.

Participation in a hearing will be subject to the ExA's powers of control. It is for the ExA to determine how the hearing will be conducted, including the time allowed at the hearing for the making of a person's representations. The hearing will be managed in the interests of ensuring fair access to the hearing for all parties, and to ensure that the submissions of all invited persons are fully heard within the allotted time. For issue specific hearings interested parties (IPs) may be invited to make oral representations at the hearing on the specific issues being examined at the hearing as set out in the agenda.

All hearings are recorded. The recordings and transcripts will be made available on the [project webpage](#) as soon as practicable following the hearing. The recordings allow any member of the public who is interested in the application and the examination to find out what has been discussed at a hearing. It is therefore important to note that anyone speaking at the hearing will need to introduce themselves, including any organisation or groups that they represent, **each time they speak** to ensure that someone listening to the recording after the hearing is clear who was speaking.

As the recordings are retained and published, they form a public record that can contain personal information to which the General Data Protection Regulation (GDPR) applies. Please refer to our '[Privacy Notice](#)' for further information. Participants must do their best to avoid making public any information which they would otherwise wish to be kept private and confidential. If there is a need to refer to such information, it should be in written form. Although this will also be published, personal and private content can be redacted or removed before it is made publicly available. Any person who is unclear on this point should ask the case team for guidance before they place personal and private information into the public domain. The Planning Inspectorate's practice is to publish the recordings and transcripts and retain them for a period of five years from the Secretary of State's

decision on the development consent order (DCO). If you actively participate in the hearing, it is important that you understand that you will be recorded and that the recording and transcript will be made available in the public domain.

The evidence presented orally at hearings should be included in post hearing submissions and submitted at the relevant deadline in the [Examination timetable](#).

Accompanied Site Inspection

The ExA gives notice of an ASI on the following date:

Event	Date	Time	Meeting Place
Accompanied Site Inspection (ASI)	Friday 18 July 2025	Meet at 9:00am	The Venue, Navenby, LN5 0JJ

A final itinerary for the ASI will be published on the project page no later than **Tuesday 8 July 2025**. This itinerary will be drafted taking account the following:

- Suggested locations submitted by Procedural Deadline A
- the Applicant's draft itinerary submitted at Deadline 1 [\[REP1-076\]](#)
- the Unaccompanied Site Inspection (USI) carried out on 10 and 11 March 2025 [\[EV1-001\]](#)

Please note that the Examining Authority's (ExA) **ASI is not an opportunity to provide any oral representations on the project or discuss evidence**. It is an opportunity for the ExA to look at the physical features that can be seen on, or from, the sites. Participants may be invited by the ExA to point out specific features or sites of interest.

Please register using the event participation form by 8 July 2025 if you intend to attend the ASI and provide all the information requested. If you have any difficulty completing the form please contact the case team.

If you have any further queries, please do not hesitate to contact the case team Springwellsolarfarm@planninginspectorate.gov.uk.

Yours faithfully
