	<u>"crown land plans" means the plans of that name identified in the table in Schedule 13 and which are certified by the Secretary of State as the crown land plans for the purposes of this Order;</u>	Schedule 13 (Documents and plans to be certified).	
<u>Article 2 (Interpretation)</u>	<u>Addition of definition</u> <u>"draft archaeological mitigation strategy" means the document of that name identified in the table at Schedule 13 and which is certified by the Secretary of State as the draft archaeological mitigation strategy for the purposes of this Order;</u>	<u>Definition added to enable the document to be used in Schedule 13 (Documents and plans to be certified).</u>	<u>3</u>
Article 2 (Interpretation)	(8) In this Order, references to materially new or materially different environmental effects in comparison with those reported in the environmental statement are not to be construed so as to include the avoidance, removal or reduction of an assessed adverse environmental effect or a positive environmental effect, or the increase of an assessed positive environmental effect <u>or creation of a new positive environmental effect</u> . A matter will be within scope of the environmental statement if it does not give rise to materially new or materially different environmental effects to those reported in the environmental statement.	Amendment made in response to first written questions and to make clear that a materially new environmental effect would not include the creation of a new positive environmental effect.	1
