Part 4 – Crown Interests

Page ~~248~~266 to ~~250~~268

Part 5 – Special Category Land

Page ~~251~~269

1. Introduction

- 1.1. This Book of Reference (“**BoR**”) has been prepared on behalf of Beacon Fen Energy Park Limited (the “**Applicant**”). It forms part of the application (the “**Application**”) for a Development Consent Order (“**DCO**”, or the “**Order**”), that is being submitted to the Secretary of State for the Department of Energy Security and Net Zero (“**Secretary of State**”), under Section 37 of the Planning Act 2008 (the “**PA 2008**”).
- 1.2. The Applicant is seeking development consent for the construction, operation and maintenance and decommissioning of Beacon Fen Energy Park, including associated development (together the “**Proposed Development**”). The Proposed Development will be carried out within the Order Land, which comprises approximately 758 hectares (ha) of land.
- 1.3. A DCO is required for the Proposed Development as it falls within the definition and thresholds for a Nationally Significant Infrastructure Project (“**NSIP**”) under sections 14(1) and 15 of the PA 2008. This is because it consists of a generating station in England which does not generate electricity from wind and has a gross electrical output capacity exceeding 50MW.
- 1.4. The DCO, if made by the Secretary of State, would be known as the Beacon Fen Energy Park Order 202* (the “**Order**”).
- 1.5. This BoR has been prepared pursuant to Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (“**the APFP Regulations**”). It describes the Order Land, and identifies the interests potentially affected by the Order following diligent inquiry by the Applicant. The Order Land is the land described in the second column of Part 1 of this Book of Reference.
- 1.6. The land described in this BoR is required for the development to which the Order relates or is required to facilitate or is incidental to that development. The works comprising the authorised development are described in Schedule 1 to the **Draft DCO (Document Ref: 3.1)** and shown on the **Works Plan (Document Ref: 2.4)**.
- 1.7. Each parcel of land is identified as a plot and a unique number has been ascribed to each plot. The plots are shown on the **Land Plans (Document Ref: 2.2)** which accompany the Application and are listed in the relevant Parts of this BoR. Each plot has been labelled numerically in the BoR and has been assigned a number determined by the prominence of the plot extent shown within the map frame (i.e. 1-1, 2-5 etc.). The **Crown Land Plan (Document Ref: 2.3)** show the plots whereby there are Crown interests.
- 1.8. All plot area measurements in this BoR are in square metres and to two decimal points.
- 1.9. This BoR is comprised of five Parts, in accordance with Regulation 7(1) of the APFP Regulations, as follows:
 - (a) **Part 1** (Regulation 7(1)(a)) contains the names and addresses of each person within Categories 1 and 2 (as set out in Section 57 of the PA 2008) in respect of any land which it is proposed is subject to powers of compulsory acquisition of land, rights in, on, under or over land and/or temporary possession. Category 1 persons are defined as those who own, lease, or hold a tenancy in relation to or occupy the land (section 57(1) of the Act). Category 2 persons are those who have an interest in the land or have the power to sell and convey or to release such land (section 57(2) of the PA 2008).

The description of each plot also includes the reference to the principal land use power(s) sought in the **Draft DCO (Document Ref: 3.1)** in respect of that particular plot:

- In respect of plots shaded pink on the **Land Plans (Document Ref: 2.2)**, where the Applicant proposes compulsory acquisition of the freehold interest in the land and in relation to which it is to extinguish easements, servitudes and other private rights, the plot description includes this wording: "Freehold to be compulsorily acquired and temporary use of land and in relation to which it is proposed to suspend or extinguish easements, servitudes and other private rights.";
- In respect of plots shaded blue on the **Land Plans (Document Ref: 2.2)** (see "*Acquisition of Rights*" below), where the Applicant proposes new rights to be compulsorily acquired and restrictive covenants to be imposed, and land in relation to which existing easements, servitudes and other private rights the exercise of which are inconsistent with the rights and restrictions acquired pursuant to the Order are to be extinguished, the plot description includes this wording: "New rights (including restrictions) to be compulsorily acquired and temporary use of land and in relation to which it is proposed to suspend or extinguish easements, servitudes and other private rights.";
- In respect of plots shaded green on the **Land Plans (Document Ref: 2.2)**, where the Applicant proposes temporary use of land and during any period of temporary possession the exercise of easements, servitudes and other private rights are to be suspended, the plot description includes this wording: "Temporary use of land and in relation to which it is proposed to temporarily suspend easements, servitudes and other private rights.";
- The areas of land shaded grey on the **Land Plans (Document Ref: 2.2)** comprise land which is included within the Order limits but which does not form part of the Order Land, as no powers of acquisition or temporary possession are sought over those plots. Whilst the Applicant is not anticipating carrying out any works related to the Proposed Development within these plots, they have been retained within the Order limits because as detailed design progresses it may be desirable to carry out minor works within these areas, and so they require the benefit of the works powers within the **Draft DCO (Document Ref: 3.1)**. If the Applicant is required to use this land, it is considered that permission to do so can be reached under private agreement with the existing landowners. As such, the non-inclusion powers of acquisition or temporary possession over these plots is not considered to be an impediment to the delivery of the Proposed Development.
- The grey plots are shown on the **Land Plans (Document Ref: 2.2)** because the plots are retained within the Order limits, as they are required for and will be affected by the Proposed Development (Regulation 5(2)(i)(i) of the APFP Regs), and it is intended that part of the works may be carried out in that land (Regulation of the 7 APFP Regs).
- The areas of land shaded yellow on the **Land Plans (Document Ref: 2.2)** are shown as 'Land outside Order limits and Order land' as they are not required for the Proposed Development. The **Draft DCO (Document Ref: 3.1)** does not apply to this land and so it is not included in this BoR.

Three of the categories of wording described above cross-refer to articles in the **Draft DCO (Document Ref: 3.1)** as follows:

- "Permanent acquisition of..." – the compulsory acquisition of land pursuant to article 22 of the **Draft DCO (Document Ref: 3.1)**.

- “Permanent acquisition of new rights over...” – the creation and compulsory acquisition of new rights over land pursuant to article 26 of the **Draft DCO (Document Ref: 3.1)**.
- “Temporary possession of...” – the temporary possession and use of land for the purposes of carrying out the authorised development pursuant to article 31 and for the purposes of maintaining the authorised development pursuant to article 33 of the **Draft DCO (Document Ref: 3.1)**.

It should be noted that whilst the descriptions in this BoR refer to the principal land use power sought in the **Draft DCO (Document Ref: 3.1)** , the Applicant also seeks the power to temporarily possess all of the land within the Order limits and to suspend the exercise of existing easements, servitudes and other rights over the land during any period in which it is temporarily possessed.

Part 1 contains plots of unregistered land that are often occupied by a number of parties including local highway authorities. In these cases, the Applicant has undertaken efforts to determine the proprietor but, for several plots, no persons have been identified. In the absence of ownership information, the Applicant has applied the ‘half-width’ presumption to the adjacent landowners as adopted by the Land Registry in its ‘HM Land Registry plans: boundaries (practice guide 40, supplement 3)’. This states “...that the owner of land abutting on a road is also the owner of the adjoining section of the road up to the middle line (ad medium filum).”

- (b) **Part 2** (Regulation 7(1)(b)) contains the names and addresses of those persons within Category 3. Category 3 persons are defined in section 57(4) of the PA 2008 and are persons who, whilst not directly affected by the authorised development, may be entitled to claim compensation under Section 10 of the Land Compensation Act 1965, Part 1 of the Land Compensation Act 1973 or Section 152(3) of the 2008 Act, for loss resulting from the implementation of the Order, as a result of the Order having been implemented and use of the land once the Order has been implemented. A precautionary approach has been taken towards identifying Category 3 parties. A number of properties have been identified as being potential claimants under Part 1 of the Land Compensation Act 1973. It is considered that Category 3 contains parties with legal rights or interests over the land within the Order Land. Certain relevant persons included within Part 1 of the BoR have also been included within Part 2 where their rights may be affected. Category 3 also contains persons with interests in land outside the Order Land who, it is considered, might be able to make a relevant claim (as defined above). Part 2 of the BoR contains the names and addresses of all those Category 3 persons with interests in the Order Land, who it is considered might be able to make a relevant claim. For each plot, a description of the land and its approximate area are provided. Part 2 also contains the names and addresses of all those Category 3 persons with interests in land outside the Order Land who, it is considered, might be able to make a relevant claim (as defined above).
- (c) **Part 3** (Regulation 7(1)(c)) contains the names and addresses of those entitled to enjoy easements or other private rights (including private rights of navigation over water) which it is proposed may be extinguished, suspended or interfered with in connection with the authorised development, pursuant to the Order. Certain relevant persons included within Part 1 of the BoR have also been included within Part 3 where their rights may be affected. Examples include statutory undertakers with services in or under the Order Land, and whose rights over the Order Land are likely to be affected whether the Order Land is required permanently or temporarily.
- (d) **Part 4** (Regulation 7(1)(d)) identifies land which is proposed to be used for the purposes of the Order and in which there is a Crown interest. "Crown land" is defined in section 227 of the PA 2008 and includes interests belonging to Government departments among

other Crown interests. As a result of diligent inquiries, the Applicant has identified that there is Crown land within the Order Land; and is listed in this Part; . Please note that these plots will not be subject to powers of compulsory acquisition. These plots are also shown on the **Crown Land Plan (Document Ref: 2.3)**.

- (e) **Part 5** (Regulation 7(1)(e)) identifies land: a) the acquisition of which is subject to Special Parliamentary Procedure under particular circumstances. b) which is Special Category Land (meaning land which forms all or part of a common, open space, National Trust land held inalienably and fuel and field garden allotments); and c) which is replacement land. For each plot of such land within which it is intended that all or part of the authorised development and works shall be carried out, the area in square metres of that plot. Having made diligent inquiries, no land has been identified that would be required to be included in Part 5. Where it is stated in Part 5 of the BoR that “No land was identified which should be included in this part”, this confirms that no Special Category Land, land subject to Special Parliamentary Procedure, and no replacement land is required.

As this BoR is part of the application documents it should be read in conjunction with the **Land Plans (Document Ref: 2.2)**, the **Crown Land Plan (Document Ref: 2.3)**, the **Statement of Reasons (Document Ref: 4.1)** and the **Draft DCO (Document Ref: 3.1)** submitted under regulation 5(2) of the APFP Regulations.

Part 1 – Categories 1 & 2: Qualifying Persons under Regulations 7(1)(a) of the APFP Regulations 2009

| Land Plans Sheet No. | Plot Number on Land Plans | Extent, description and situation of land | Category 1 | | | Category 2 |
