

Planning Act 2008

The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017

Certificate of compliance with regulation 16

I hereby certify that in compliance with the requirements under regulation 17 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 –

- (a) notice of the application was given to the persons identified under regulation 11; and
- (b) a copy of the accepted application, including the environmental statement and a map was given to the consultation bodies in accordance with regulation 16.

- in relation to the application for an order to grant development consent for the Fenwick Solar Farm (the Scheme), which is situated within the administrative area of City of Doncaster Council. The Scheme comprises approximately 509 hectares.

The Scheme comprises the construction, operation and maintenance, and decommissioning of a solar photovoltaic (PV) electricity generating facility and associated development. The associated development includes, but is not limited to, a Battery Energy Storage System, On-Site Substation, underground cabling to provide export and import connection to the National Electricity Transmission System (NETS), and areas of landscaping and biodiversity enhancements.

The connection to the NETS will be either via underground cabling along a corridor in which three 400 kV cables would run for approximately 6.3 km from the Solar PV Site to the Existing National Grid Thorpe Marsh Substation; or via underground cabling between the On-Site Substation and existing overhead power lines within the Solar PV Site, which also connect to the Existing National Grid Thorpe Marsh Substation.
