NOTE: If any of the above hearings are no longer required then notification will be published as soon as practicable on the project webpage of the National Infrastructure Planning website, providing reasonable notice to Interested Parties of the decision to cancel.			

Applicant's notification duties

The applicant is reminded of its duty to notify and publicise hearings under rule 13(6) and 13(7) of The Infrastructure Planning (Examination Procedure) Rules 2010.

Purpose of hearings

Please refer to the Planning Inspectorate's Advice for members of the public: [The stages of the NSIP process and how you can have your say](#) for information about the purpose of issue specific and compulsory acquisition hearings.

Registration and requests to participate in hearings

Please register using the [event participation form](#) by Monday 9 June 2025 if you intend to participate in the hearings and provide all the information requested. If you have any difficulty completing the form please contact the case team.

Please note that by attending the event either in person or online you are agreeing to be filmed for the purposes of the online livestream and recording of the event which will be published on the [project webpage](#). A limited number of seats will be available for observers who do not wish to be filmed at the event. Please contact the case team to notify them if you prefer not to be filmed at the event. A transcript of the event will also be published on the [project webpage](#) after the event.

Any request to participate in a hearing should include the following information:

- Name and unique reference number (found at the top of any letter or email from The Planning Inspectorate).
- Email address (if available) and contact telephone number.
- Name and unique reference number of any person/organisation that you are representing (if applicable).
- For blended events, confirmation of whether you will participate virtually or in-person.
- Confirmation of the hearing(s) you wish to participate in, the agenda item(s) on which you wish to speak and/or brief details of the topic(s) that you would like to raise.
- For compulsory acquisition hearings, the plot number(s) of the relevant land provided in the book of reference and the land plans.
- The examination library reference number (with paragraph/page number where appropriate) of any documents you wish to refer to.

Joining instructions for hearings will be issued by the case team via email shortly before the hearing dates.

Please contact the case team if you require any support or assistance to attend any hearing, either virtually or in person.

If you simply wish to observe any of the hearings then you can either:

1. watch a livestream of the event - a link to the livestream will be made available on the project webpage shortly before the event is scheduled to begin, and/or
2. watch the recording of the event which will be published on the project webpage shortly after the event has finished.

Alternatively, you can attend the physical event at the venue to observe the proceedings; however, to ensure there is adequate seating capacity at the venue we request that you register your attendance to observe only by **Monday 9 June 2025** using the [event participation form](#). Please note that it may not be possible to participate on the day if you have not registered your wish to speak by **Monday 9 June 2025**.

Attendees

We would find it helpful if the following parties could attend:

- Natural England: ISH3
- The Environment Agency: ISH3
- Any affected person who wishes to make oral representations about the effect of the compulsory acquisition and/or temporary possession powers sought on their interests.

Hearing agendas

The agendas and any detailed arrangements for the hearings will be published on the [project webpage](#) at least five working days before the hearings. However, the actual agenda on the day of each hearing may be subject to change at our discretion.

Procedure at hearings and post hearing submissions

The procedure to be followed at hearings is set out in the Infrastructure Planning (Examination Procedure) Rules 2010.

Participation in a hearing will be subject to the ExA's powers of control. It is for the ExA to determine how the hearing will be conducted, including the time allowed at the hearing for the making of a person's representations. The hearing will be managed in the interests of ensuring fair access to the hearing for all parties, and to ensure that the submissions of all invited persons are fully heard within the allotted time. For issue specific hearings interested parties may be invited to make oral representations at the hearing on the specific issues being examined as set out in the agenda.

All hearings are recorded. The recordings and transcripts will be made available on the [project webpage](#) as soon as practicable following the hearing. The recordings allow any member of the public who is interested in the application and the examination to find out what has been discussed at a hearing. It is therefore important to note that anyone speaking at the hearing will need to introduce themselves, including any organisation or groups that they represent, **each time they speak** to ensure that someone listening to the recording after the hearing is clear who was speaking.

As the recordings are retained and published, they form a public record that can contain personal information to which the General Data Protection Regulation applies. Please refer to our ['Privacy Notice'](#) for further information. Participants must do their best to avoid

making public any information which they would otherwise wish to be kept private and confidential. If there is a need to refer to such information, it should be in written form. Although this will also be published, personal and private content can be redacted or removed before it is made publicly available. Any person who is unclear on this point should ask the case team for guidance before they place personal and private information into the public domain. The Planning Inspectorate's practice is to publish the recordings and transcripts and retain them for a period of five years from the Secretary of State's decision on the development consent order. If you actively participate in the hearing, it is important that you understand that you will be recorded and that the recording and transcript will be made available in the public domain.

The evidence presented orally at hearings should be included in post hearing submissions and submitted at the relevant deadline in the [Examination timetable](#).

Site Inspections

We would like to thank everyone who suggested locations for us to visit and points to note. We note that much of Lowgate and the River Went corridor can be accessed by Public Rights of Way (PRoW) footpaths 35.3/8/1 and 35.3/15/1 and as such propose to visit these locations on an unaccompanied basis.

We intend to seek access from relevant parties to the following locations that are not publicly accessible:

- Fields NW3 and NW4.
- The River Went corridor from access point 4 as identified on the plan appended to the Applicant's response at Deadline A [PD1-001].
- Field SE2.

We will not have any discussion with any other parties present – their role will be to solely grant access, open any locked gates and direct us to any to the relevant part of the site. This will therefore be an Unaccompanied Site Inspection in accordance with Rule 16(1) of The Planning Infrastructure (Examination Procedure) Rules 2010.

If you have any further queries, please do not hesitate to contact the case team FenwickSolar@planninginspectorate.gov.uk.

Yours faithfully

Rory Cridland

Lead member of the panel of Examining Inspectors
