[REDACTED],

My apologies for not responding earlier.

The Trust decided not to provide further written response to the SOCG, as after reading BOOM's responses to ExQ2, we feel that no new information has been provided, no flexibility or compromise has been considered, and that previous responses have simply been repeated.

We feel, therefore, that time spent on further responses would be futile.

Our position remains 'Not Agreed' to all points within the SOCG.

Thank you

Regards

[REDACTED]

The Burnet Heritage Trust.
