Dear Sirs

DCO Scheme: Fenwick Solar Farm Project

Our Client: Network Rail Infrastructure Limited

Applicant: Fenwick Solar Project Limited

Subject: Network Rail Position at Close of Examination

This Firm is instructed by Network Rail Infrastructure Limited (**NR**) in relation to the DCO Scheme and we write to provide an update at the close of the examination.

Further to discussions with the Applicant regarding the inclusion of NR's standard protective provisions in the draft Order, we are pleased to confirm that the parties have reached an agreement, subject to the execution and completion of a confidential side agreement documenting the same.

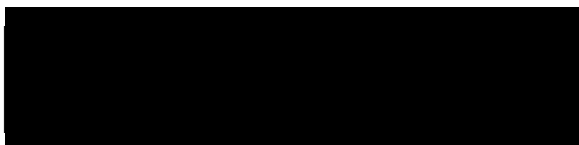

As the parties have only reached agreement on the date of the close of the examination (3 September 2025) they will endeavour to enter into the side agreement as soon as practicable.

Until such time as the side agreement has been executed and completed by all parties, NR must maintain its objection to the DCO Scheme.

We hope to be able to write to the Examining Authority shortly to confirm that the side agreement has been finalised. Following this, we will confirm that NR's objection can be withdrawn.

Should you have any queries, please don't hesitate to contact us on the details below.

Yours faithfully

Addleshaw Goddard LLP
