Subject: RE: EN010152 Fenwick Solar Farm Update from the Drainage Board regarding Protective Provisions

Categories: Post-Exam Submission

Good morning,

I write further to the below email regarding the Protective Provisions for the benefit of the Drainage Board in relation to the Fenwick Solar Farm development. I can confirm that Danvm Drainage Commissioners are happy with the provisions that have been agreed as a result of negotiations between our respective legal representatives. Accordingly, the Board withdraws any objections that it had previously submitted in relation to the development.

If you require any further information from the Board at this stage please let me know.

Kind regards,

[REDACTED]
