Date: [REDACTED] 7:35:20
Attachments: [REDACTED]

Dear Frodsham Solar Team,

Natural England's relevant representations provided on the 28 August set out that additional comments on hydrology would be provided by 3 October. However there has been a delay in the specialist advice delivery on this topic and we will be unable to provide comments by the 3 October. We now expect to be able to provide comments by the 17 October and will endeavour to provide comments ASAP.

Kind regards,

[REDACTED]

We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected and England's traditional landscapes are safeguarded for future generations.

Natural England offers two chargeable services - the Discretionary Advice Service, which provides pre-application and post-consent advice on planning/licensing proposals to developers and consultants, and the Pre-submission Screening Service for European Protected Species mitigation licence applications. These services help applicants take appropriate account of environmental considerations at an early stage of project development, reduce uncertainty, the risk of delay and added cost at a later stage, whilst securing good results for the natural environment.

For further information on the Discretionary Advice Service see [here](#)

For further information on the Pre-submission Screening Service see [here](#)
