

Q10.0.4 Cadent Gas Limited Frodsham Wind Farm Limited Inovyn Chlorovinyls Limited and Ineos Fluor Limited Inovyn Enterprises Limited Individual objections Cadent Gas Limited [RR-020], Frodsham Wind Farm Limited [RR-047], Inovyn Chlorovinyls Limited and Ineos Fluor Limited [RR-004], Inovyn Enterprises Limited [RR-001], National Gas Transmission plc [RR-032], National Highways [RR-031], NGET [RR-021], SP Energy Networks [RR-018], The Canal & River Trust [RR-010], United Utilities Water Limited [RR-006] have commented on the powers requested by the applicant. i) Please could each organisation set out any outstanding concerns and provide updates during the examination? ii) If the concerns are not addressed to any organisation's satisfaction, please could it submit its proposed changes to the dDCO [PD2-005], including any protective provisions, with justification for why the changes are required? SPM Response: Further to Q10.0.4(i), SP Manweb informs the ExA that discussions on the Protective Provisions are ongoing between SPM and the Applicant, and these are not yet agreed. SPM will provide a version of Protective Provisions it requires to be included in the Order at Deadline 4, if necessary identifying the difference of position with the Applicant if agreement has not been reached by that deadline. SPM needs to ensure the safety and integrity of its existing infrastructure at Frodsham Marshes and continued access to its towers and overhead lines is essential. Currently, it is not clear whether or how this access will be maintained.
