## **1.0 INTRODUCTION**

- 1.0.1 This Book of Reference ('BoR') has been prepared on behalf of Frodsham Solar Limited (the 'Applicant'). It forms part of the application (the 'Application') for a Development Consent Order ('DCO'), that is being submitted to the Secretary of State for the Department of Energy Security and Net Zero (the 'Secretary of State'), under Section 37 of the Planning Act 2008 (the 2008 Act) for powers to construct, operate (including maintenance and programmed replacements) and decommission the Frodsham Solar Farm ('the Proposed Development').
- 1.0.2 The Proposed Development will be carried out within the Order Land, which comprises approximately 337.21 hectares (ha) of land.
- 1.0.3 A DCO is required for the Proposed Development as it falls within the definition and thresholds for a Nationally Significant Infrastructure Project ('NSIP') under sections 14(1) and 15 of the PA 2008. This is because it consists of a generating station in England which does not generate electricity from wind and has a gross electrical output capacity exceeding 50MW.
- 1.0.4 The DCO, if made by the Secretary of State, would be known as the Frodsham Solar Farm Order 202\* (the 'Order').
- 1.0.5 This BoR has been prepared pursuant to Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 ('the APFP Regulations'). It describes the Order Land, and identifies the interests potentially affected by the Order following diligent inquiry by the Applicant. The Order Land is the land described in the second column of Part 1 of this Book of Reference.
- 1.0.6 The land described in this BoR is required for the development to which the Order relates or is required to facilitate or is incidental to that development. The works comprising the authorised development are described in Schedule 1 to the Draft DCO (Document Ref: 3.1) and shown on the Works Plans (Document Ref: 2.4).

1.0.7 Each parcel of land is identified as a plot and a unique number has been ascribed to each plot. The plots are shown on the Land and Crown Land Plans (Document Ref: 2.2) which accompany the Application and are listed in the relevant Parts of this BoR. Each plot has been labelled numerically in the BoR and has been assigned a number determined by the prominence of the plot extent shown within the map frame (i.e. 1-1, 2-5 etc.). These plans also include an identification of Crown land.

1.0.8 All plot area measurements in this BoR are in square metres and to two decimal points.

1.0.9 This BoR is comprised of five Parts, in accordance with Regulation 7(1) of the APFP Regulations, as follows:

- (a) Part 1 (Regulation 7(1)(a)) contains the names and addresses of each person within Categories 1 and 2 (as set out in Section 57 of the PA 2008) in respect of any land which it is proposed is subject to powers of compulsory acquisition of land, rights in, on, under or over land and/or temporary possession. Category 1 persons are defined as those who own, lease, or hold a tenancy in relation to or occupy the land (section 57(1) of the Act). Category 2 persons are those who have an interest in the land or have the power to sell and convey or to release such land (section 57(2) of the PA 2008).

The description of each plot also includes the reference to the principal land use power(s) sought in the Draft DCO (Document Ref: 3.1) in respect of that particular plot:

- In respect of plots shaded pink on the Land Plans (Document Ref: 2.2), where the Applicant proposes compulsory acquisition of the freehold interest in the land and in relation to which it is to extinguish easements, servitudes and other private rights, the plot description includes this wording: 'Freehold and leasehold to be compulsorily acquired and in relation to which it is proposed to suspend or extinguish easements, servitudes and other private rights.';

- In respect of plots shaded blue on the Land Plans\*\*\*\* (Document Ref: 2.2) (see 'Acquisition of Rights' below), where the Applicant proposes new rights to be compulsorily acquired and restrictive covenants to be imposed, and land in relation to which existing easements, servitudes and other private rights the exercise of which are inconsistent with the rights and restrictions acquired pursuant to the Order are to be extinguished, the plot description includes this wording: 'New rights (including restrictions) to be compulsorily acquired and in relation to which it is proposed to suspend or extinguish easements, servitudes and other private rights.';

Two of the categories of wording described above cross-refer to articles in the Draft DCO (Document Ref: 3.1) as follows:

- 'Permanent acquisition of...' – the compulsory acquisition of land pursuant to article 21 of the Draft DCO (Document Ref: 3.1).
- 'Permanent acquisition of new rights over...' – the creation and compulsory acquisition of new rights over land pursuant to article 23 of the Draft DCO (Document Ref: 3.1).

It should be noted that whilst the descriptions in this BoR refer to the principal land use power sought in the Draft DCO (Document Ref: 3.1) , the Applicant also seeks the power to temporarily possess all of the land within the Order limits and to suspend the exercise of existing easements, servitudes and other rights over the land during any period in which it is temporarily possessed.

Part 1 contains plots of unregistered land that are often occupied by a number of parties including local highway authorities. In these cases, the Applicant has undertaken efforts to determine the proprietor but, for several plots, no persons have been identified. In the absence of ownership information, the Applicant has applied the 'half-width' presumption to the adjacent landowners as adopted by the Land Registry in its 'HM Land Registry plans: boundaries (practice guide 40, supplement 3)'. This states '...that the owner of land

abutting on a road is also the owner of the adjoining section of the road up to the middle line (ad medium filum).’

- (b) Part 2 (Regulation 7(1)(b)) identifies the names and addresses of those persons within Category 3. Category 3 persons are defined in section 57(4) of the PA 2008 and are persons who, whilst not directly affected by the authorised development, may be entitled to claim compensation under Section 10 of the Land Compensation Act 1965, Part 1 of the Land Compensation Act 1973 or Section 152(3) of the 2008 Act, for loss resulting from the implementation of the Order, as a result of the Order having been implemented and use of the land once the Order has been implemented. No Category 3 persons have been identified in respect of the Proposed Development.
- (c) Part 3 (Regulation 7(1)(c)) contains the names and addresses of those entitled to enjoy easements or other private rights (including private rights of navigation over water) which it is proposed may be extinguished, suspended or interfered with in connection with the authorised development, pursuant to the Order. Certain relevant persons included within Part 1 of the BoR have been included within Part 3 where their rights may be affected. Examples include statutory undertakers with services in or under the Order Land, and whose rights over the Order Land are likely to be affected whether the Order Land is required permanently or temporarily.
- (d) Part 4 (Regulation 7(1)(d)) identifies land which is proposed to be used for the purposes of the Order and in which there is a Crown interest. ‘Crown land’ is defined in section 227 of the PA 2008 and includes interests belonging to Government departments among other Crown interests. As a result of diligent inquiries, the Applicant has identified that there is Crown land within the Order Land; and this is listed in this Part. Please note that, pursuant to the draft DCO, the Crown interests in this plot (as identified also on the Land and Crown Land Plans) will not be subject to powers of compulsory acquisition..
- (e) Part 5 (Regulation 7(1)(e)) is required to identify land where: a) the acquisition of which is subject to Special Parliamentary Procedure under particular

circumstances. b) which is Special Category Land (meaning land which forms all or part of a common, open space, National Trust land held inalienably and fuel and field garden allotments); and c) which is replacement land. Having made diligent inquiries, no land has been identified that would be required to be included in Part 5.

As this BoR is part of the application documents it should be read in conjunction with the Land Plans (Document Ref: 2.2), the Statement of Reasons (Document Ref: 4.1) and the Draft DCO (Document Ref: 3.1) submitted under regulation 5(2) of the APFP Regulations.

\*\*\*\*

For plots where the Applicant seeks to require rights (including restrictive covenants), different 'categories' of rights powers are sought. This is reflected in Schedule 9 to the DCO and has been noted in Part 1 of the BoR, by assigning the numbers to the categories listed in the DCO Schedule, as noted below:

Category 1: "private wire connection cable rights": means rights over land to, for the purposes of the authorised development and in connection with the authorised development:

(a) install, use, support, protect, inspect, alter, remove, replace, retain, renew, improve and maintain underground electrical cables, earthing cable, optical fibre cable, data cable, telecommunications cable and other apparatus, works associated with such cable including bays, ducts, protection and safety measures and equipment, and other apparatus and structures;

(b) remain, pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any temporary surface or form a temporary compound) for all purposes in connection with the authorised development; and

(c) restrict and remove the erection of buildings or structures, restrict the altering of ground levels, restrict and remove the planting of trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt or interfere with the exercise of the rights or damage the authorised development.

Category 2: “SPEN connection cable rights”: means rights over land to, for the purposes of the authorised development and in connection with the authorised development:

(a) install, use, support, protect, inspect, alter, remove, replace, retain, renew, improve and maintain underground and above ground electrical cables, earthing cable, optical fibre cable, data cable, telecommunications cable and other apparatus, pylons and works associated with such cables and pylons including bays, ducts, protection and safety measures and equipment, and other apparatus and structures;

(b) remain, pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any temporary surface or form a temporary compound) for all purposes in connection with the authorised development; and

(c) restrict and remove the erection of buildings or structures, restrict the altering of ground levels, restrict and remove the planting of trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt or interfere with the exercise of the rights or damage the authorised development.

Category 3: “SPEN substation connection rights” means rights over land to, for the purposes of the authorised development and in connection with the authorised development:

(a) install, use, support, protect, inspect, alter, remove, replace, retain, renew, improve and maintain electrical cable, earthing cable, optical fibre cable, data cable, telecommunications cable and other services, works associated with such cable including bays, ducts, protection and safety measures and equipment, and other apparatus and structures and to connect such cable and services to the SPEN Frodsham substation;

(b) install, use, support, protect, inspect, alter, remove, replace retain, renew, improve and maintain public sewers and drains and drainage apparatus and equipment;

(c) remain, pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any temporary surface or form a temporary compound) for all purposes in connection with Work No. 4A;

(d) restrict and remove the erection of buildings or structures, restrict the altering of ground levels, restrict and remove the planting of trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt or interfere with the exercise of the rights or damage the authorised development; and

(e) install, use, support, protect, inspect, alter, remove, replace, retain, renew, improve and maintain soft landscaping and biodiversity measures.

Category 4: “access, use and improvement rights” means rights over land to, for the purposes of the authorised development and in connection with the authorised development —

- (a) alter, improve, form, maintain, retain, use (with or without vehicles, plant and machinery) access roads, access tracks, and means of access to and within the authorised development including visibility splays and to remove and traverse impediments to such access;
- (b) pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any temporary surface).

Category 5: “access, use, improvement and creation rights” means rights over land to, for the purposes of the authorised development and in connection with the authorised development —

- (a) alter, improve, form, maintain, retain, use (with or without vehicles, plant and machinery) access roads, access tracks, and means of access to and within the authorised development including visibility splays and to remove and traverse impediments to such access;
- (b) remove, reinstate, modify and create means of access to the authorised development including visibility splays and to remove impediments to such access; and
- (c) pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any temporary surface).

Category 6: “access use rights” means rights over land to, for the purposes of the authorised development and in connection with the authorised development — pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any surface) and to temporarily remove impediments to such passage.

Category 7: “non-motorised (and motorised where authorised) access use rights” means rights over land to, for the purposes of the authorised development and in connection with the authorised development, pass and repass on foot and cycle, or pass by motor and mechanically propelled vehicles where such use of land is authorised by article 13(9) of the Order; and to temporarily remove impediments to such passage.
