## **APPENDIX A – Our comments regarding the issues we raised in our Relevant Representation**

### **EA006**

We consider this issue resolved.

The 3.1 Draft Development Consent Order - P08 (tracked) [[REP6-005](#)] has been amended to remove schedule 23 Protective Provisions for the Protection of The Environment Agency.

### **EA007**

We consider this issue resolved.

The Applicant has provided an adequate crossing design for bridge CP22 under the 8.52 CP22 Technical Note - P01 [[REP6-042](#)] that provides appropriate 300mm freeboard above the design flood event (1% AEP plus 67% CC - higher central allowance). We are content with the crossing designs for CP14 and CP17.
