

**FOSSE GREEN ENERGY PROJECT  
DEADLINE 1 (20 JANUARY 2026)  
NATIONAL GRID ELECTRICITY TRANSMISSION PLC**

1. National Grid Electricity Transmission plc (“NGET”) is a statutory undertaker for the purposes of the Planning Act 2008.
2. NGET assets which have been identified as being within or within close proximity to the proposed Order limits are:
  - (a) Substations:
    - (i) Proposed Navenby 400kV Substation;
    - (ii) Associated Cables;
    - (iii) Associated fibre cables;
  - (b) Overhead lines:

4ZM

    - (i) 400kV Bicker Fen – Spalding North – West Burton;
    - (ii) 400kV Bicker Fen – Walpole – West Burton;
3. Further to NGET’s Relevant Representations which were received by the Examining Authority on 24 October 2025, NGET will require Protective Provisions to be included within the DCO to ensure that its interests are adequately protected and to ensure compliance with relevant safety standards. In particular, NGET will require these Protective Provisions to protect its proposed Navenby 400kV Substation project which is critical to the delivery of the Fosse Green Energy Project as well as providing additional capacity on the transmission network in order to meet wider customer demand.
4. NGET is liaising with the Applicant in relation to bespoke protective provisions in respect of NGET’s current and future assets.
5. NGET will continue to liaise with the Applicant with a view to concluding matters as soon as possible during the DCO Examination, keeping the Examining Authority updated in relation to these discussions.
