Dear Examining Authority,

Fosse Green Energy Development Consent Order – Deadline 2 Submissions

Planning Inspectorate Case Reference: EN010154

We write on behalf of Fosse Green Energy Limited (the Applicant) further to the publication of the Rule 6 Letter **[PD-008]** on 9 December 2025 and the Rule 8 Letter **[PD-010]** on 14 January 2026 to provide the Applicant's written submissions for Deadline 2 of the Fosse Green Energy Development Consent Order (DCO) Examination (the Examination).

Submissions made at Deadline 2

Appendix 1 of this letter provides an overview of the documents submitted by the Applicant at this Deadline. Table 1 of Appendix 1 comprises the application documents for which updated versions are being submitted and provides a brief reasoning as to why each document has been updated. Each of these updated documents has been submitted in both clean and tracked change versions to aid the Examining Authority (the ExA) in identifying the changes made.

Table 2 of Appendix 1 comprises the new documents being submitted to the Examination, including those identified by the ExA in the Rule 8 letter as submissions to be made by the Applicant. These documents form part of Volume 9 and are identified in the Guide to the Application **[REP1-002]**, which sets out the current status of all documents.

Final Trial Trenching Report and Framework Written Scheme of Investigation

The Applicant is preparing an updated Framework Written Scheme of Investigation (WSI) which will supersede the previously submitted Framework WSI **[AS-001]**. Following completion of the archaeological fieldwork on site, a draft evaluation report was issued for comment to Historic England (HE) and the archaeological advisor at Lincolnshire County Council (LCC) and subsequently updated. The report submitted at Deadline 2, as listed in Table 2 is the Final Trial Trenching Report **[EN010154/EXAM/9.15]** which supersedes the results of Appendix 7-I: Trial Trenching Report (Interim) of the Environmental Statement **[APP-132]**. Following completion of

Planning Inspectorate Case Reference:
EN010154

the Trial Trenching Report, liaison with the archaeological consultees (both at LCC and HE) on the Framework WSI [AS-001] is ongoing, with further feedback expected. The Applicant therefore anticipates that the finalised Framework WSI will be submitted to the Examination at Deadline 3 (20 March 2026).

Responses to “Post Hearing Summaries”

The Applicant considers that a number of Deadline 1 submissions which were submitted as “post hearing summaries” are more akin to Written Representations. Therefore, the post hearing summaries which the Applicant considers to be Written Representations have been responded to as such and are therefore contained within the Applicant’s Response to Written Representations [EN010154/EXAM/9.9], rather than within the Applicant’s Response to Post Hearing Summaries [EN010154/EXAM/9.11]. The “post hearing summaries” that have been dealt with in this way are listed at the start of the Applicant’s Response to Written Representations [EN010154/EXAM/9.9] and the Applicant’s Response to Post Hearing Summaries [EN010154/EXAM/9.11] for ease of identification.

The Applicant’s Document Updates (Annex F to the Rule 6 Letter)

Item 5 of Annex F to the Rule 6 Letter [PD-008] lists a number of documents for which the ExA requires the Applicant to submit updated versions throughout the course of the Examination. Annex A of the Rule 8 Letter [PD-010] provides for updated versions of these documents to be submitted at all future Examination deadlines (except for Deadline 3A). It has not been necessary for the Applicant to make updates to all of these documents since Deadline 1. The Applicant has therefore submitted only those documents which have been updated since the previous deadline.

As noted in Table 1 of Appendix 1 to this letter, the Applicant has submitted an updated Guide to the Application, an updated draft DCO, an updated Explanatory Memorandum to the draft DCO, an updated Schedule of Changes to the draft DCO, an updated Book of Reference, an updated Schedule of Negotiations and Powers Sought and updated versions of various Environmental Statement documents and framework management plans. Additionally, as noted in Table 2 of Appendix 1 to this letter, the Applicant has submitted two new documents, namely a Schedule of Land Rights Changes [EN010154/EXAM/9.13] and a Schedule of Progress in Securing Other Consents [EN010154/EXAM/9.14], as required by Annex F to the Rule 6 Letter [PD-008]. No updates have been necessary to the Consents and Agreements Position Statement [REP1-011] or the Statement of Reasons [REP1-013] since Deadline 1, and the Applicant has therefore not submitted these documents at Deadline 2.

Schedule of Negotiations and Powers Sought

The Applicant has submitted an updated Schedule of Negotiations and Powers Sought [REP1-050] which reflects the position as at 5 February 2026. Any progress made since this date will be reflected in the Applicant’s submissions at the next available Examination deadline, being Deadline 3.

North Kesteven District Council – Response to ISH Action Point 6

The Applicant notes that the Response to Issue Specific Hearing Action Point 6 – Stepping Out Walks **[REP1-136]** submitted by North Kesteven District Council was published later than the other Deadline 1 submissions. With regards to this submission, the Applicant acknowledges the plan of the Stepping Out Walks and can confirm that a response to the policy set out in the Written Representation has been provided within the Applicant's Response to Written Representations **[EN010154/EXAM/9.9]**.

Yours sincerely,
