Dear Sirs

The Infrastructure Planning (Examination Procedure) Rules 2010 – rule 17

Application by Fosse Green Energy Limited for an order granting development consent for the Fosse Green Energy Project

Request for further information

We are writing under rule 17 of the Infrastructure Planning (Examination Procedure) Rules 2010 further to various submissions you have made at Deadline 5A and seek further information/clarification with respect to the following matter.

Framework Construction Traffic Management Plan

The applicant's Deadline 5A submissions include an updated version of document 7.18 Framework Construction Traffic Management Plan (Revision 5) (FCTMP), both clean and tracked, dated 12 May 2026.

However, in this revised version of the FCTMP Annexes A, B and C have been omitted, albeit cover sheets for each of those annexes have been included.

Clean and tracked change versions of the updated FCTMP including the missing annexes should be submitted as soon as possible and in any event no later than Deadline 6 (2 June 2026). Once those documents have been submitted we will arrange for them to be published and added to the Examination Library as 'additional submissions' so that they can be made available to all interested parties at the earliest opportunity.

Yours sincerely

Grahame Gould
