1. Introduction

- 1.1.1. This Book of Reference ('BoR') has been prepared on behalf of FVS Dean Moor Ltd (the 'Applicant'). It forms part of the application (the 'Application') for a Draft Development Consent Order ("draft DCO"), that is being submitted to the Secretary of State for the Department of Energy Security and Net Zero ('Secretary of State'), under Section 37 of 'the Planning Act 2008' (the 'PA 2008').
- 1.1.2. The Applicant is seeking development consent for the construction, operation and maintenance and decommissioning of the Dean Moor Solar Farm Proposed Development, including associated development (together the 'Proposed Development'). The Proposed Development will be carried out within the draft DCO land, which comprises approximately 276.5 hectares (ha) of land.
- 1.1.3. A DCO is required for the Proposed Development as it falls within the definition and thresholds for a Nationally Significant Infrastructure Project ('NSIP') under sections 14(1) and 15 of the PA 2008. This is because it consists of a generating station in England which does not generate electricity from wind and has a gross electrical output capacity exceeding 50MW.
- 1.1.4. The DCO, if made by the Secretary of State, would be known as the Dean Moor Solar Farm Order 202X.
- 1.1.5. This BoR has been prepared pursuant to Regulation 5(2)(d) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 ('the APFP Regulations'). It describes the draft DCO land, and identifies the interests potentially affected by the draft DCO following diligent inquiry by the Applicant. The draft DCO land is the land described in the second column of Part 1 of this Book of Reference.
- 1.1.6. The land described in this BoR is required for the development to which the draft DCO relates or is required to facilitate or is incidental to that development. The works comprising the authorised development are described in Schedule 1 to the draft DCO **[REF: 3.1]** and shown on the Works Plans **[REF: 2.3]**.
- 1.1.7. Each parcel of land is identified as a plot, and a unique number has been ascribed to each plot. The plots are shown on the Land Plans **[REF: 2.2]** which accompany the draft DCO and are listed in the relevant Parts of this BoR. Each plot has been labelled numerically in the BoR and has been

assigned a number determined by the prominence of the plot extent shown within the map frame (i.e. 1-01, 2-05 etc.)

- 1.1.8. All plot area measurements in this BoR are in square metres to two decimal places.
- 1.1.9. This BoR is comprised of five Parts, in accordance with Regulation 7(1) of the APFP Regulations, as follows:

- a. Part 1 (Regulation 7(1)(a)) contains the names and addresses of each person within Categories 1 and 2 (as set out in Section 57 of the PA 2008) in respect of any land which it is proposed is subject to powers of compulsory acquisition of land, rights in, on, under or over land and/or temporary possession.

The description of each plot also includes the reference to the principal land use power(s) sought in the draft DCO in respect of that particular plot:

- ☐ In respect of plots shaded pink on the Land Plans, where the Applicant proposes freehold acquisition to be compulsorily acquired and in relation to which it is to extinguish easements, servitudes and other private rights, the plot description includes this wording: 'Permanent acquisition of land'
- ☐ In respect of plots shaded blue on the Land Plans (*see 'Acquisition of Rights' below*), where the Applicant proposes new rights to be compulsorily acquired and restrictive covenants to be imposed, and land in relation to which existing easements, servitudes and other private rights the exercise of which are inconsistent with the rights and restrictions acquired pursuant to the draft DCO are to be extinguished, the plot description includes this wording: "Permanent acquisition of rights over land"
- ☐ In respect of plots shaded green on the Land Plans, where the Applicant proposes temporary use of land and during any period of temporary possession the exercise of easements, servitudes and other private rights are to be suspended, the plot description includes this wording: 'Land to be acquired temporarily'
- ☐ The areas of land shaded yellow on the Land Plans are shown as 'Land in which no interests, rights or possession are sought' as they are not required for the Proposed Development. The compulsory and temporary acquisition powers in the Draft DCO do not apply to this land.

- 1.1.10. Three of the categories of wording described above cross-refer to articles in the draft DCO as follows:

- ☐ 'Permanent acquisition of land' – the compulsory acquisition of land pursuant to article 23 of the draft DCO.

- 'Permanent acquisition of rights over land' – the creation and compulsory acquisition of new rights over land pursuant to article 26 of the draft DCO.
- 'Land to be acquired temporarily' – the temporary possession and use of land for the purposes of constructing the authorised development pursuant to article 34 and for the purposes of maintaining the authorised development pursuant to article 34 of the draft DCO.

- 1.1.11. It should be noted that whilst the descriptions in this BoR refer to the principal land use power sought in the DCO, the Applicant also seeks the power to temporarily possess all of the land within the draft DCO and to suspend the exercise of existing easements, servitudes and other rights over the land during any period in which it is temporarily possessed.
- 1.1.12. Part 1 contains plots of unregistered land that are often occupied by a number of parties including local highway authorities. In these cases, the Applicant has undertaken efforts to determine the proprietor but, for several plots, no persons have been identified. In the absence of ownership information, the Applicant has applied the 'half-width' presumption to the adjacent landowners as adopted by the Land Registry in its 'HM Land Registry plans: boundaries (practice guide 40, supplement 3)'. This states '*...that the owner of land abutting on a road is also the owner of the adjoining section of the road up to the middle line (ad medium filum).*'

Category 1 persons are defined as those who own, lease, or hold a tenancy in relation to or occupy the land (section 57(1) of the Act). Category 2 persons are those who have an interest in the land or have the power to sell and convey or to release such land (section 57(2) of the PA 2008).

- b. Part 2 (Regulation 7(1)(b)) contains the names and addresses of those persons within Category 3. Category 3 persons are defined in section 57(4) of the PA 2008 and are persons who, whilst not directly affected by the authorised development, may be entitled to claim compensation under Section 10 of the Land Compensation Act 1965, Part 1 of the Land Compensation Act 1973 or Section 152(3) of the 2008 Act, for loss resulting from the implementation of the draft DCO, as a result of the draft DCO having been implemented and use of the land once the draft DCO has been implemented. A precautionary approach has been taken towards identifying Category 3 parties. A number of properties have been identified as being potential claimants under Part 1 of the Land Compensation Act 1973.
- c. Part 3 (Regulation 7(1)(c)) contains the names and addresses of those entitled to enjoy easements or other private rights (including private rights of navigation over water) which it is proposed may be extinguished, suspended or interfered with in connection with the authorised development, pursuant to the draft DCO.

- d. Part 4 (Regulation 7(1)(d)) identifies land which is proposed to be used for the purposes of the draft DCO and in which there is a Crown interest. 'Crown land' is defined in section 227 of the PA 2008 and includes interests belonging to Government departments among other Crown interests. As a result of diligent inquiries, the Applicant has identified that there is no Crown land within the draft DCO.
- e. Part 5 (Regulation 7(1)(e)) identifies plots:
 - ☐ The acquisition of which is subject to special parliamentary procedure;
 - ☐ Which are special category land; or
 - ☐ Which are replacement land.

1.1.13. Having made diligent inquiries no land has been identified that would be required to be included in Part 5. Where it is stated in Part 5 of the BoR that 'No Special Category or Replacement Land Present', this confirms that no special category land, land subject to special parliamentary procedure, and no replacement land is required.
