4. Confirming why the Planning Inspectorate should receive the application

* Brief statement to explain why this application is, or is to be treated as, a development for which development consent is required under the Planning Act 2008

The DCO Application is for the construction, operation (including maintenance) and decommissioning of a solar photovoltaic array electricity generating facility, Battery Energy Storage System and associated infrastructure with a total capacity exceeding 50 megawatts which would allow for the generation and export of electricity. The Proposed Development falls within the definition and thresholds for a Nationally Significant Infrastructure Project under Sections 14(1)(a) and 15(1) and (2) of the Planning Act 2008, as it comprises an onshore generating station in England with a capacity exceeding 50 megawatts.

5. Non-technical description of the Proposed Development

* Brief non-technical description of the Proposed Development

The Proposed Development involves the construction, operation (including maintenance) and decommissioning of a solar photovoltaic array electricity generating facility, Battery Energy Storage System and associated infrastructure on approximately 891 hectares of land within the administrative boundary of East Riding of Yorkshire Council. A full description of the Proposed Development is provided in the Environmental Statement (ES) Volume 1, Chapter 3: Proposed Development Description [EN010157/APP/6.1].

6. Location or route of the Proposed Development

* Description of location of application site(s), or route of development (reference to appropriate plans)

The Proposed Development is located within the administrative boundary of East Riding of Yorkshire Council, as shown on the Location and Land Area Plan [EN010157/APP/2.1].
