

Pearmtree Hill Solar Farm

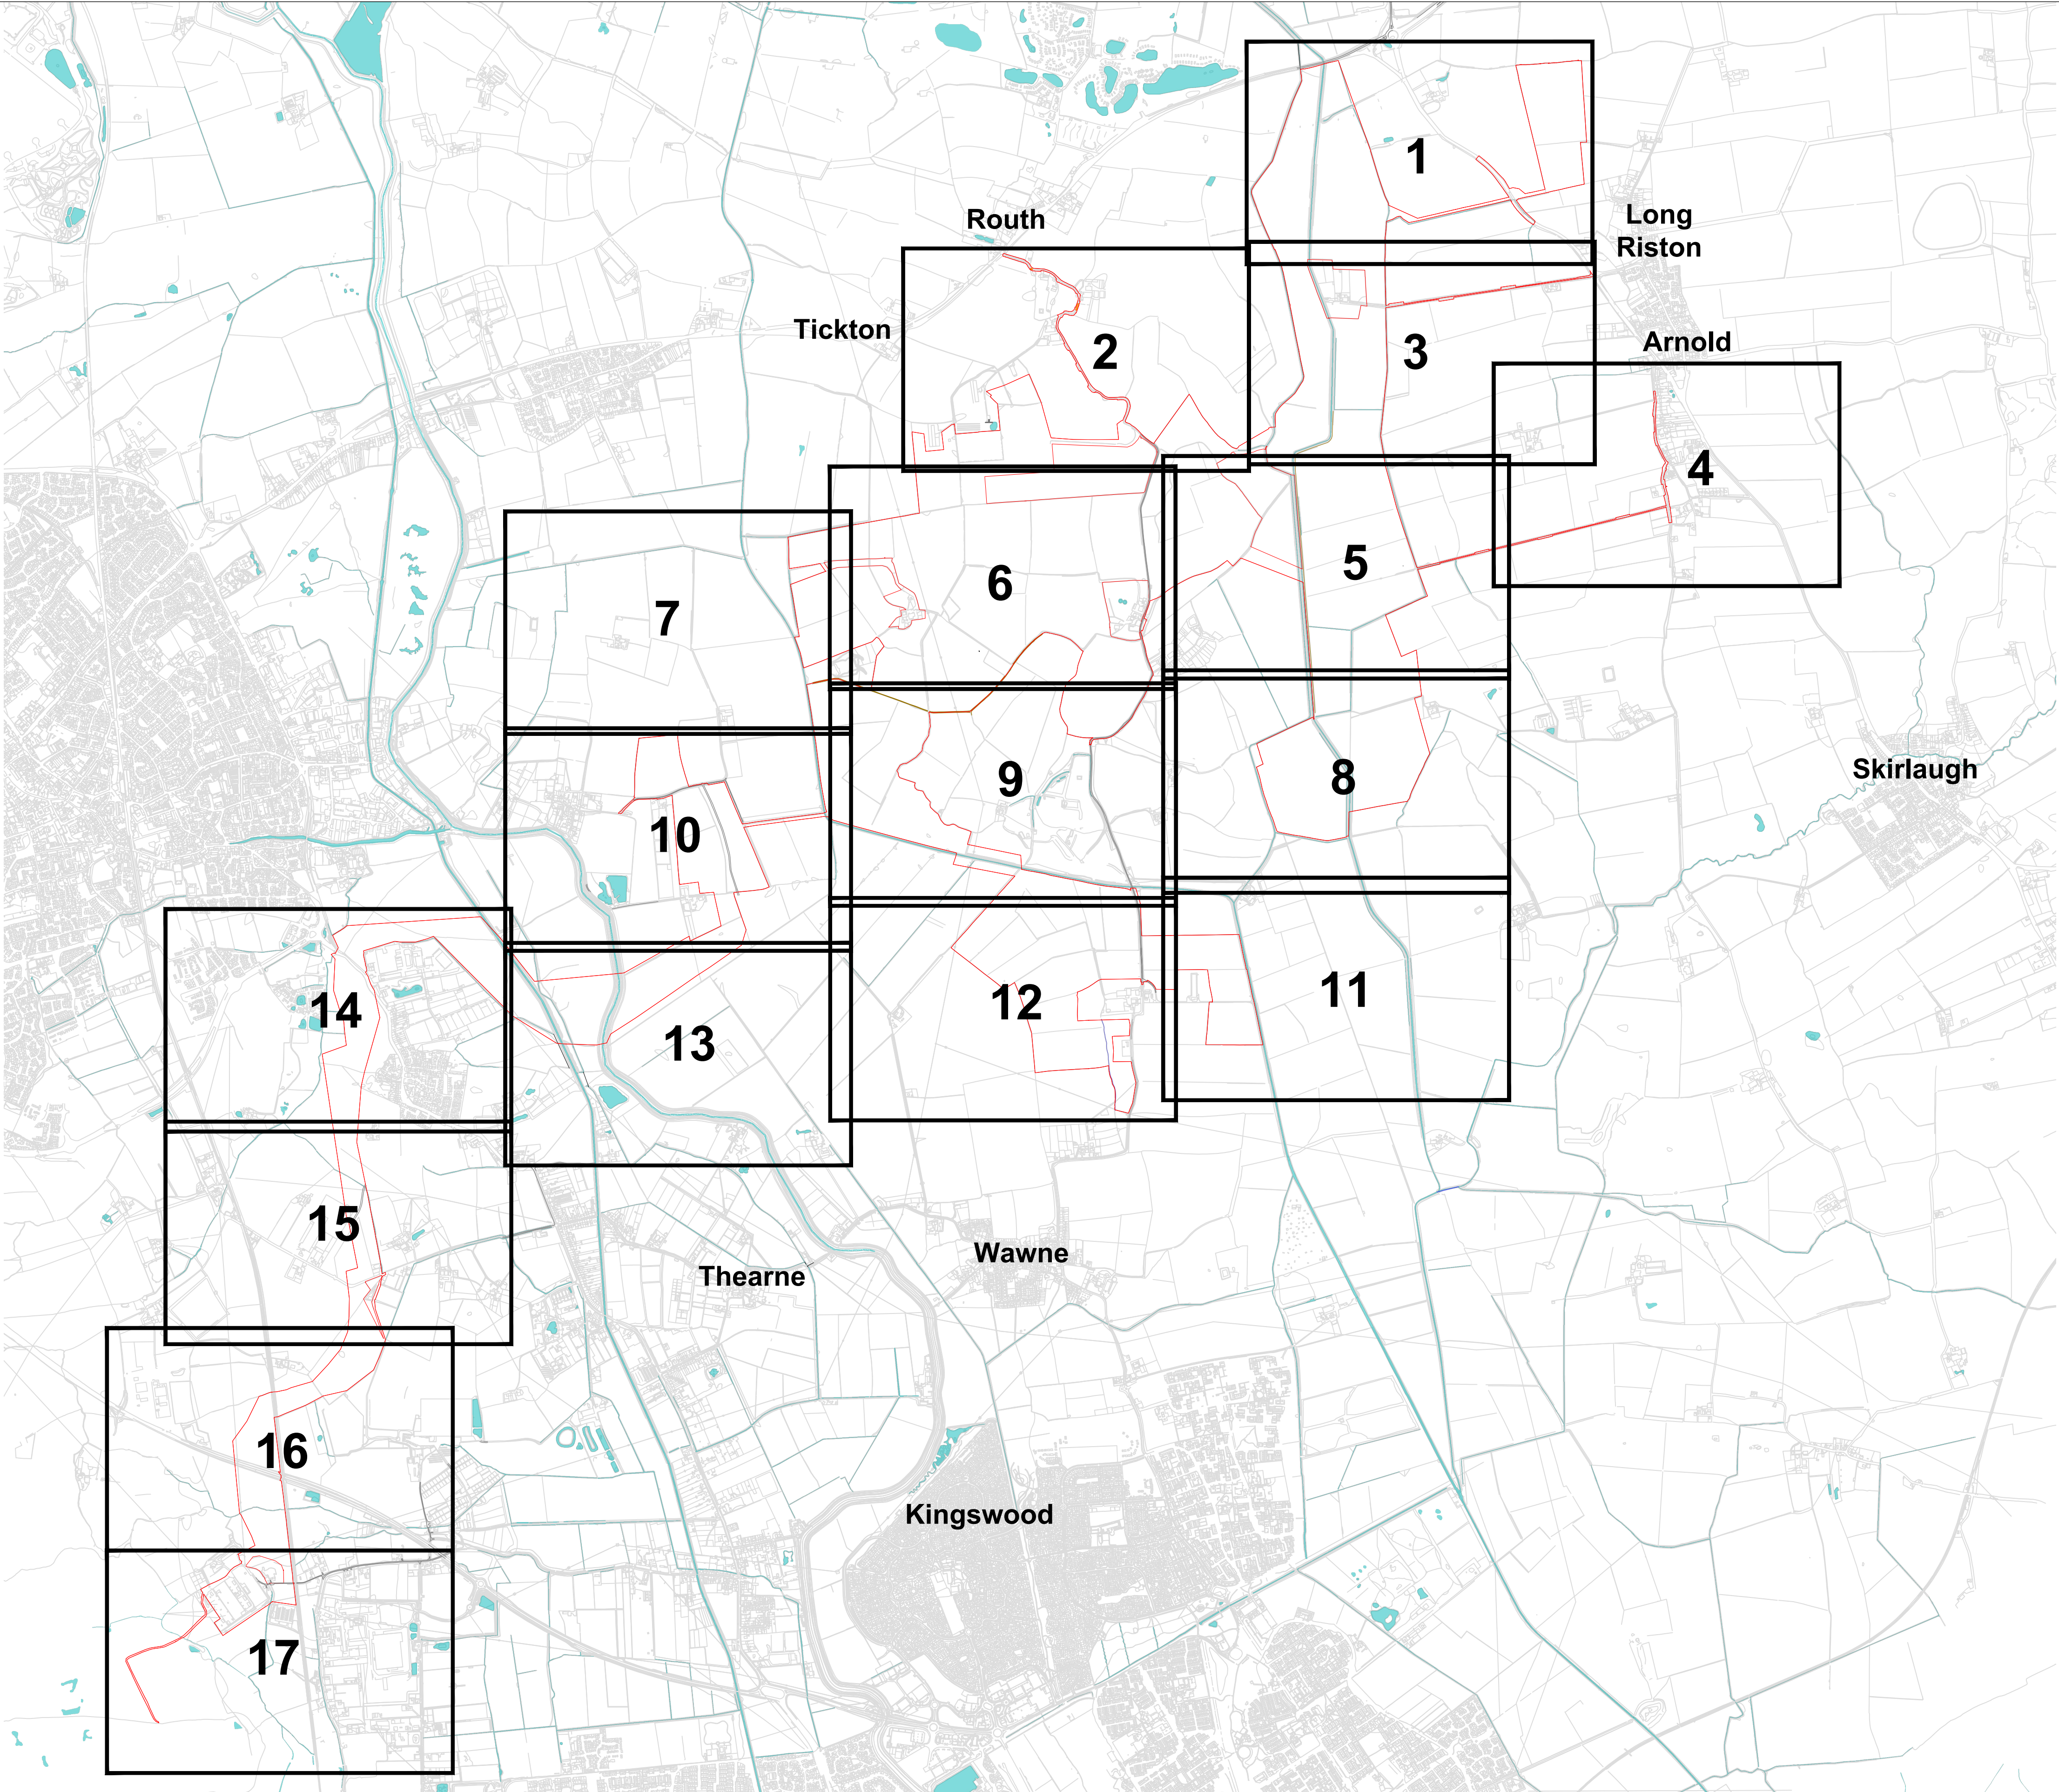

Environmental Statement

Volume 3

Figure 3.4: Indicative Environmental Masterplan

Application Document Ref: EN010157/APP/6.3
February 2025

Planning Act 2008
Infrastructure Planning
(Applications: Prescribed Forms
and Procedure) Regulations 2009 –
Regulation 5(2)(a)

Key

Order Limits

- Notes:
1. Drawing is indicative only and not for construction.
 2. This drawing depicts the anticipated layout of the Proposed Development, exact details concerning the layout and dimensions of the Proposed Development will be determined and designed at detailed design stage in line with the provisions of the DCO Application (Refer to document EN010157/APP/6.3).
 2. Do not scale from this drawing.

A165

Proposed species-rich hedgerow with occasional small stature hedgerow trees alongside existing Public Right of Way to provide landscape structure and softening of Proposed Development for walkers

Proposed species-rich hedgerow to avoid existing gas main easement

Proposed relaxation of hedge flailing together with hedgerow infill planting where required to provide biodiversity, screening and landscape structure

Proposed relaxation of hedge flailing together with hedgerow infill planting where required to provide biodiversity, screening and landscape structure

For continuation see sheet 3

Site Plan: Not to scale

Key

Order Limits

Existing Features

- Woodland, Trees and Hedgerows to be retained and protected
- Trees and Hedgerows to be removed to allow for construction of Proposed Development
- Public Right of Way

Proposed Development Features

- Proposed Solar Panels
- Proposed Internal Tracks
- Proposed Hybrid Pack (Inverters, Converters, BESS Units)

Watercourses and Waterbodies

- Powerlines and Pylons

Proposed Switch Gear/ Spares Container

- Proposed Perimeter Fencing
- Proposed Permissive Path (to be available for pedestrians only)
- Proposed Individual Tree Planting
- Proposed Species-rich Hedgerow Planting

Proposed Species-rich Infill/Reinstatement Hedgerow Planting

- Proposed Legume Rich Grassland: To establish a sward between the solar panels within the fenced areas (post initial implementation)
- Proposed Field Margin Grassland: To provide habitat and food resources for wildlife. Mixes to be either Wild Bird Winter Seed or Legume Rich Grassland as recommended by Ecologist
- Proposed Flower Rich/Wet Grassland: Within Biodiversity Mitigation & Enhancement Areas. Mixes to be either flower rich grassland or wet grassland as recommended by Ecologist and dependent on site conditions

Proposed Biodiversity Mitigation Area

- Proposed Biodiversity Enhancement Area
- Proposed bird box location (Refer to Appendix B in the Outline LEMP for box type)
- Proposed barn owl box location (Refer to Appendix B in the Outline LEMP for box type)
- Proposed bat box location (Refer to Appendix B in the Outline LEMP for box type)

Interconnecting cable routes and grid connection cable route

- Habitats to be reinstated following cable installation

Notes:

- Drawing is indicative only and not for construction.
- This drawing depicts the anticipated layout of the Proposed Development, exact details concerning the layout and dimensions of the Proposed Development will be determined and designed at detailed design stage in line with the provisions of the DCO Application (Refer to document EN010157/APP16.3).
- Do not scale from this drawing.
